CLUB WOMEN MEET IN PHOENIX, ARIZONA

Defender 7/23/21

The executives of the Northwestern Federation of Colored Women's Clubs are announcing the second biennial convention to be held at Phoenix, Ariz., July 18 to 21, inclusive, this year. This very important convention should be attend d by every woman interested in human uplift, so far as it is possible. They in turn should interest every woman possible whose vision has not been broadened to take in the discussion of welfare work outside the confines of their own homes.

No federation of its years of existence has done more to mold public opinion and draw the attention of the press to the aims and accomplishments of Negro womanhood than the Northwestern Federation of Colored Women's Clubs, and it should receive the united support of the women, and men, too, of the Northwest and of the country. For further information address the general offices, 3302 Rhodes avenue, Chicago, Ill. Mrs. Joanna Snowden-Porter of Chicago is president; Mrs. Gertie N. Ross of Denver Colo., chairman of the executive board and Mrs. Ethel Howard Maxwell of St. Paul, Minn., corresponding secretary.

NORTHWEST CLUB WOMEN SUBMIT RESOLUTIONS

Chicago Defender 8/6/21

Attention Is Called to the General Neglect of Disabled Veterans

Phoenix, Ariz., Aug. 5.—The Northwestern Federation of Colored Women's Clubs in its second biennial convention at this city adopted a series of 16 resolutions covering its stand on the needs of the Race in America for its positive betterment.

The government's attention was especially directed to the men who saw service in the war and who are now without the means of livelihood and suffering from the effects of such service, and to the cases of many ex-soldiers who are without adequate hospital facilities. It is recommended that suitable public hospitals be erected by the government to take care of these men.

It is pointed out that the Mexican government has made attractive offers to its citizenry in an effort to induce them to build up sparsely populated and little cultivated regions, and requested that some similar action be taken by the American government to provide for the poor and at the same time benefit the country.

President Harding is reminded of the influence and power of the Interstate Commerce Commission, and the reason is sought for the continued discrimination shown on the railroads of the country.

Strict enforcement of the law is demanded, and the passage of a federal anti-lynching law. In this connection the action of Senator McCormick, Republican of Illinois, is commended, as is the stand which Governor Morrow of Kentucky has taken in instances of threatened mob violence. The fact that the rate of lynching has doubled during the present year is mentioned.

The federation does not countenance the practice of showing preferment in employment to foreigners who make their money here and send it home. It believes that the men and women of the Race, as the only Race which earns and spends everything in this country, should be the first to be sustained and the last to be refused a chance to help themselves.

The fact that Arizona has proved a haven for tubercular patients is not overlooked, and a resolution was adopted suggesting that a hospital for such men and women be established at Phoenix with a charity ward. This venture the federation promised to back both morally and financially.

The leaders of the convention were profuse in their thanks to the officials of the city, members of the press and others who assisted in making the conference a success.

NATIONAL ASSOCIATION OF COLORED WOMEN OUTLINE PROGRESSIVE PROGRAM

Dallas Express 2/12/21

Prominent Women Head Departments.

Special to Dallas Express.

The National Association of Colored Women, comprising 10,000 women's clubs and 250,000 members, also the largest working organization among Negro Women, has recently given out plans for the term of 1921-1922. The president, Miss Hallie Q. Brown, noted author, lecturer and teacher of Wilberforce, Ohio, states:

"Now as never before must Negro Women stand solidly together for the elevation of her own to the very highest and best in spiritual, intellectual and industrial achievement. The National Association of Colored Women shall more thoroughly and sincerely direct its attention toward assisting its women to attain the heights of true culture and refinement."

Forty Departments, touching almost every worth while activity, have been organized, the heads of said departments being women of remarkable education and ability. Prominent among them are Bessie C. Jones, and Sallie W. Stewart, Indiana; Blanche Armwood Beatty, Louisiana; Augustus Jean Zuber, Mississippi; Joanna Snowden Porter, Illinois, Marion B. Wilkinson, South Carolina; Janie Porter Barrett and Maggie L. Walker, Virginia; Mary B. Talbert and Mary C. Lawson, New York; Alice Dunbar Nelson, Delaware; Elizabeth Carter, Massachusettes; Nannie Burroughs and Mary Church Terrell, District of Columbia; Julia Bumry Jones and Laura A. Brown, Pennsylvania; Dennis Booth Moten and (Mrs.) Booker T. Washington, Tuskegee. The departments work co-operatively with each club in the association, the policies and programs of every member being the same as laid down by the national body. Thus, the smallest organization becomes an important factor of the association for it is a working unit of the big movement.

Some of the important departments are Social Science, American Citizenship, Juvenile Court, Legislation, Anti-Lynching.

Finance, Teachers, Literature, Defense, Business Industrial Conditions, The Fine Arts, Home Economics and National Organzations among women. The plans of each tend toward arousing an enthusiastic interest in the Negro's progress; encouraging and awakening a desire for better educational and industrial conditions; strengthening and fostering business endeavors among Negroes by instructions in systemmatic economy with the ultimate desire of achieving financial independence. As one superintendent puts it:

The Douglas Memorial, the old homestead of the great Frederick Douglas at Anacostia, D. C., is the property of the Association and at present is undergoing such repairs as will further beautify and render it a splendid memorial to the honored statesman. It shall be the home of the Association where many of its important executive meetings will be held.

Many Interesting Speakers Were Present

The Southeastern Federation of Colored Women's Clubs planned at Daytona and organized at Tuskegee July 1920 held its first biennial session in Atlanta from June 28 to July 1st, with representatives from ten states and with nearly one hundred delegates. There were also those who brought greetings from the Young Woman's Christian Association, the Interracial Committee, the Travelers Aid Association, the Georgia Association for the Advancement of Education Among Negroes, the Neighborhood Union of the National and the Parent Teachers Association of Georgia The Grand Worthy Treasurer, Mrs. Willie G. Hill, of Georgia was also in attendance.

It was a splendid group of earnest women seeking development along all lines, watching the progress of education, civic life and welfare movements, studying questions of government and far seeing legislation. It was a great gathering and splendid results are to be hoped for not only in our cities and towns but in the far away rural districts.

Mary McLeod Bethune, the president, is the great leader of this organization and the women love to follow where she leads. Loyalty, sympathy, kindness and patience are among the many virtues that bind the women to her. They love to follow her and the timid are gently pressed into service. She is a great big hearted woman with an unselfish spirit that opens the door to all who will enter into the work of regeneration. Mrs. Marion Wilkinson, Vice President at Large of the National and State President of South Carolina, whose ability and charming manners are well known, brought greetings from Mother National. Mrs. Charlottee Hawkins Brown, our gifted speaker from North Carolina, Mrs. Blanche Beaty of Louisiana, Mrs. Blackwell, Va.: Mrs. Lewis, Tenn., with keen foresight and earnestness spoke on most of the questions brought before the body as did Mrs. Rebecca Styles Taylor, the efficient corresponding secretary, Mrs. George Williams, Mrs. Whitmire, Mrs. Garey, Mrs. Walker of Ga.; Mrs. Keyser of Fla.; and Mrs. Jackson of Ala and others.

Mrs. Louise Fordham Holmes attracted attention whenever she arose because of her womanliness and persuasive speech. Mrs. Holmes' report of her struggles to keep the Herald going showed heroic efforts and she was assured of the loyal support of the organization for the next two years.

The time given for conference with the representatives of the Inter-racial Committee, with that noble soul, Mrs. Luke Johnson as leader, was well spent. All listened most attentively to the interpretation of the work of the Committee as given by Mrs. Johnson. Mrs. Carey and Mrs. Brown of North Carolina. Mrs. Hope of Georgia and Mrs. Wilkinson of South Carolina. As we listened we grasped anew the situation, as was evidenced by the quick response to the appeals for funds for putting into print and sending out for all people to read and know the inmost feelings, struggles, and hurts in the souls of black folks. Miss Ruffin of the Young Women's Christian Association gave instances of conversions and good will that showed themselves unmistakeably in meetings from which she had lately come.

The appearance of the white Traveler Aid Secretary at the meeting pleading for the placing and retaining of colored Traveler's Aid Secretaries at railroad stations was appreciated as shown by the resolution s passed to look after that matter.

Through the efforts of the Urban League and Southeastern the state delegates left Atlanta in a Pullman car for Augusta and were cared for on the car until next morning at seven o'clock, which was something new in Georgia.

Mrs. L. Fordham Holmes, South Carolina, Editor of the Southeastern Herald with her assistants, Mrs. Hunt of Ga., and Mrs. Neely of Ala., sent out daily reports to the papers, some of which appeared in the white dailies.

The roster of officers for the term of the next two years is as follows: President, Mrs. Mary McLead. Bethune, Fla.: Vice President, Mrs. Charlotte Hawkins Brown, N. C.; Chairman of Executive Board, Mrs. Maggie L. Walker, Va.: Corresponding Secretary, Mrs. Rebecca Styles Taylor; First Rec. Sec., Mrs. Pauline A. Jackson, Ala.: Treasurer, Mrs. F. P. Cooper, Tenn.; Organizer, Mrs. Blanche Beaty, La.: Chaplain, Mrs. Blackwell, Va; The invitation to hold the next biennial of the Southeastern at Memphis, Tenn., was accepted by the Federation.

It was a most inspiring meeting from beginning to end and all left uplifted in soul and mind, determined to work earnestly for the spread of the principles or right, justice and love along all lines of human endeavor.

Dear Co-worker:

Now that the holiday season is about spent and we are adjusting ourselves to the work of the new year, I, your new president, wish for you a prosperous year and would urge that we go about our work with a seriousness of purpose as never before, ever remembering our mottoes. "Lifting as we Climb," and "Not to be ministered unto but to minister." Let us realize that the greatest part of the work of uplift among our people, must be done by us. All Georgia rests upon our shoulders. Let us follow in the footsteps of the Master, and let our religion be a religion of service, for 'tis service only, that counts. Let us see how many needy ones we can reach this year. Let each and every one of us feel that the fate of our people rests in our individual hands. When we consider the frequent outbursts of mob violence on the part of those that hate and would exterminate us, political discriminations in the government for which the blood of our offspring and relatives has been shed in every war, injustice before the law, taxation without representation in affairs local, state and otherwise and the many and varied differences among ourselves which tend to keep us apart, HOW LONG, O, COLORED WOMEN! will we be listless and unconcerned about our people and about our own interest.

Do we stop to think that, that which affects the individual, affects the whole race? Our fate has been the fate of all people. Every race has had its rise and fall. We are rising. Can't you see it? We shall become developed by our own efforts. Development comes from within and it is our duty to develope our poor and ignorant. Each year we must take greater and greater burdens for the betterment of our people upon our shoulders. We must think for ourselves and for them too. Come into the light. Let the world know where we stand so that by our good works others might be constrained to do likewise. It will prove an inspiration to others. It is not sufficient that we know about ourselves, others should know also.

Let our slogan be for 1922:

1. Registering of every Negro man and woman.

2. Let those registered, pay their poll tax.

3. Let us have our State Orphan Home for our neglected youth.

4. Co-operation with Health Centers, thereby securing better health.

5. Intensified organization for our Departmental work.

6. Let us watch with careful eyes, everything that pertains to our people, ever striving to lead pure lives and securing for our children every opportunity for education in the home, school and church, thereby fitting them to take their places in the industrial, commercial and professional world and in the world to come.

Let the watchword be "On to Brunswick, then to Richmond."

Rocky Mount, N. C., June 10-12.—On June the 10th, the North Carolina Federation of Colored Women's Clubs met in the twelfth annual session at the Mt. The entertainment of the Federation by the Rocky Mount Clubs and citizens generally was magnificent. The welcomes on Friday night by Miss C. V. Hicks, Mrs. S. F. Edwards and R. D. Kelsey, Maggie Jones and M. S. Pearson.

Saturday, June 11th, the women settled down to their deliberations, hearing reports from clubs and discussions pertaining to present day evils and the suggestions of such reforms that would benefit women and children.

TEXAS FEDERATION MEETS IN CLEBURNE.

Mrs. Ransome is Again Chosen to Head Federated Women's Clubs.

7/3/21
Dallas Express Texas

Monday, July 4th, the prosperous little city of Cleburne, under the auspices of the Social and Art, Social Athletic Clubs opened wide the doors of hospitality and received as its guest for the week the "Sixteenth Annual Convention of the Texas Federation of Colored Women's Clubs."

Promptly at 8:30 p. m., the executive board met, and at 9 o'clock the convention proper opened with Presdent, Mrs. R. A. Ransom presiding.

The first day session was devoted to appointing the various committees, hearing reports of officers of the Federation, reports from the National Federation. Greetings and welcomes from the various clubs, churches and business men, professionals and etc., of the city.

At night the president's message was delivered to a large and attentive audience. This message was one of hope, and encouragement to the women, and was greatly appreciated by all.

Tuesday—The Home Economics Department and Demonstration in making dress forms, under the supervision of Mrs. M. E. Hunter of Prairie View, had charge.

The ladies were shown how to prepare and can. everything that grows in the garden. This is indeed a wonderful department and many helpful hints and receipts were given so the ladies would be able to preserve the things which grow in their home garden, and the vegetables which are bought cheaply in season, thereby reducing greatly the cost of living, as well as preserving the health of the family.

At night, Rev. F. R. Barnwell, gave a splendid and helpful lecture on health, or the spread of diseases.

Wednesday—The Federation listened to the report of the work done by the clubs of the state. From these reports we could see that club work in Texas, under the leadership of our new president, Mrs. R. A. Ransom has taken on new life and we are expecting big things from the clubs in general. Their work is devoted cheerfully to Charity, viz.: maintaining of day nurseries, delinquent homes, caring for cemeteries furnishing of groceries, clothing, fuel medicines, other necessities to the less fortunate, also furnishing playgrounds.

In the afternoon, the White Rose department entertained the Federation with a splendid program. This is a new department of the Federation and takes in the young girls from 12 to 16 years of age. Five clubs of the State were represented. These young people showed great ability along the line of preparing and delivering papers, music and readings. We are hoping to see this department grow very fast. There were a hundred and fifty delegates enrolled. Some of the best prepared women of the state were in the delegation and appeared on program. The Federation was favored from time to time with music and solos from the various singers and musicians from over the state.

There were 37 new clubs reported, and many old clubs re-instated. The Federation was given a rive over the city, and tender a banquet in the auditorium of the schoo house.

The president was presented with a lovely mesh pag, by the citizens of Cleburne and all of the foodstuff demonstrated by the Home Economics Department.

The Federation as whole excelled all former convenings as to number of delegates attending, and moneys raised. On Thursday the following officers were elected:

Mrs. R. A. Ranson, President.
Mrs. N. G. Williams, 1st Vice-Pres.
Mrs. Mary Bailey, 2nd Vice-Pres.
Mrs. Grigsby, Secretary.
Miss Lorine Phillip, Asst. Sec.
Mrs. M. J. Johnson, Cor. Sec.
